

Magnum Breaker Olympic Decline Bench

MG-A680

The Magnum Breaker Bench angles downward to activate the pectoral muscles and includes unique pivoting uprights for greater comfort, easier takeoffs and increased efficiency. A total of 10 weight-storage horns make room for 20.4-kg / 45-lb. plates stored at waist height. Molded urethane guards protect Olympic bars from damage, reduce noise and provide a hand rest for spotters. The frame features a proprietary two-coat powder finish for long-lasting durability. Designed to meet EN957 and ASTM safety standards.

- 10 weight-storage horns (20.4-kg / 45-lb. plates store at waist height)
- Uprights pivot forward into ideal starting position - directly over the user for easy takeoff
- Available without weight-storage horns (MG-A680N)
- Wide back pad stabilizes users during heavy lifts
- Molded urethane guards protect Olympic bars from damage, reduce noise and provide a hand rest for spotters
- Designed to meet EN957 & ASTM safety standards
