

## Magnum Olympic Decline Bench

MG-A80

The Magnum Olympic Decline Bench is designed to enhance muscle activation while putting less stress on the shoulders and lower back. Pivoting knee rests comfortably accommodate users of all sizes, and a wide back pad stabilizes users during heavy lifts. A total of 10 weight-storage horns make room for 20.4-kg / 45-lb. plates stored at waist height. Molded urethane guards protect Olympic bars from damage, reduce noise and provide a hand rest for spotters. The frame features a proprietary two-coat powder finish for long-lasting durability.

- Designed to meet EN957 & ASTM safety standards
- Molded urethane guards protect Olympic bars from damage, reduce noise and provide a hand rest for spotters
- Available without weight-storage horns (MG-A80N)
- Wide back pad stabilizes users during heavy lifts
