

Ultra Converging Chest Press

G7-S13-AS2007

When it comes to building and toning major upper-body muscle groups, the powerful and comfortable Ultra Converging Chest Press outperforms expectations. Independent converging movements provide a natural path of motion. A spring-assisted seat with seven positions and a gas-assisted back pad with six positions adjust effortlessly to accommodate users of different sizes and range-of-movement changes. The integrated foot platform enhances stability and comfort during use, and the open design offers easy entry and exit.

Also available in [Ultra Base option G7-S13B](#).

- The optional Intelligent Training Console features Endurance, Build and Strength programs to give members a guided training experience specific to their goals
- Independent converging arm movements provide a natural path of motion and increased exercise variety
- Adjustable back pad with gas assist facilitates easy range of motion changes
- Action Specific Grips provide greater comfort and minimal point pressure
- Designed for easy entry and exit
- Integrated foot platform provides additional user stability and comfort during use
