

Ultra Rotary Torso

G7-S55-AS2007

Powerful and comfortable, the Ultra Rotary Torso offers an intuitive way to strengthen core and back muscles. A kneeling position minimizes lower-back stress while stretching hip flexors, and contoured knee pads make use comfortable and stable. Oversized handlebars fit a variety of users without adjustment, while eight starting positions accommodate different ranges of motion. It includes knee pad covers to protect the upholstery at touchpoints.

Also available in [Ultra Base option G7-S55B](#).

- The optional Intelligent Training Console features Endurance, Build and Strength programs to give members a guided training experience specific to their goals
- Kneeling position minimizes low-back stress while stretching hip flexors
- Contoured knee pads with wear covers enhance comfort, stability and durability
- Range of motion feature with 8 different start positions add greater versatility
- Oversized handlebars accommodate a variety of users without an adjustment
- Knee pad wear cover improves upholstery performance in high contact areas
